The application has been amended as follows:

IN THE CLAIMS:

Claim 53, line 3, delete "lifelike" first occurrence and insert --three-dimensional--; line 3, delete "lifelike" second occurrence and insert --three-dimensional--; line 5, delete "lifelike" and insert --three-dimensional--; line 6, delete "lifelike" and insert --three-dimensional--.

Claim 54, line 6, delete "lifelike" and insert --three-dimensional--; line 9, delete "lifelike" and insert --three-dimensional--.

This application is in condition for allowance except for the presence of claims 13-20 and 31-40 to an invention non-elected without traverse. Accordingly, claims 13-20 and 31-40 have been cancelled.

## **REASONS FOR ALLOWANCE**

2. The following is an examiner's statement of reasons for allowance: in claims 1,3-12,51, the prior art fails to disclose or render obvious the claimed invention including:

Application/Control Number: 09/894,198

Art Unit: 3754

"an animated figure having a three-dimensional form, the animated figure being coupled to the housing;

an animated element operatively coupled to the animated figure, the animated element configured to identify the at least one prize; and

a processor in communication with the animated figure, the processor being configured to generate a random number, the processor being further configured to cause the animated element to identify the at least one prize if the random number is a predetermined number or within range of predetermined numbers", as required by the claimed invention.

In claims 21-25,27-30,52, the prior art fails to disclose or render obvious the claimed invention including:

"the animated gaming system including an animated figure with a threedimensional form;

an animated element operatively coupled to the animated figure; and a processor in communication with the animated figure, the processor being configured to control the animated figure and the animated element, wherein the animated gaming system is activated by a bonus event associated with the first gaming device", as required by the claimed invention.

In claims 41-50, the prior art fails to disclose or render obvious the claimed invention including:

"an animated display system coupled to said housing, said animated gaming system including;

Application/Control Number: 09/894,198

Art Unit: 3754

an animated figure;

an animated element operatively coupled to said animated figure; and
a processor configured to receive said first gaming system output and configured
to control said animated element" as required by the claimed invention.

In claim 53, the prior art fails to disclose or render obvious the claimed invention including:

"at least one three-dimensional structure, the three-dimensional structure being configured to move toward the at least one symbol to identify at least one prize, wherein the at least one symbol is positioned to be indicated by the three-dimensional structure;

a processor, the processor being in communication with the three-dimensional structure, the processor being configured to cause the movement of the three-dimensional structure according to a random event", as required by the claimed invention.

In claim 54, the prior art fails to disclose or render obvious the claimed invention including:

"a display device having at least one symbol representing a bonus prize and a three-dimensional structure, the display device being configured to be activated by a bonus signal from the gaming device, wherein the gaming device sends the bonus signal to the display device upon a bonus event and the three-dimensional structure is configured to identify the at least one symbol", as required by the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

Application/Control Number: 09/894,198

# Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: http://www.uspto.gov/main/howtofees.htm.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.
